# ALLIANCE PROCOAT

featuring  PRISMAGUARD™ Stain

ALLIANCE DOOR PRODUCTS offers an extensive range of beautiful exterior door systems to suit any architectural style, climate and budget in the Pacific Northwest.

We understand the environmental demands of our Coastal regions. Only the most superior finishing system will endure and provide long lasting beauty.

Our state-of-the-art PrismaGuard Finishing System and certified Master Painters offer a wealth of experience and craftsmanship evident in the consistent quality and flawless finish of each door system.

Our 10-year warranty reflects our confidence in the superior quality of our factory finished door systems.

## FINISHED FOR LASTING BEAUTY

- ① It starts with the realistic wood grains and deep embossments of a Therma-Tru door.
- ② A base coat provides an even, consistent color across the surface of the door.
- ③ A wiping stain enhances the base coat to artfully simulate the natural beauty of wood.
- ④ For added durability, a catalyzed topcoat protects against scratches and color fading.

*"David Overstreet and I draw from over 46 years of combined experience in the door and coatings industry. Being an integral part of designing and building the new Alliance ProCoat finishing line was an amazing opportunity. I think you will agree that the beauty and quality of the finished products created in our new facility equals that of high-end wood doors."*

Bob Bumbaugh, Master Painter

LASTING BEAUTY.  
INSPIRED BY NATURE.

Inspiration is all around you. Just like nature's beauty inspired our color palette, the catalyst to picking the perfect shade for your door may be closer than you think!

PROUDLY FINISHED WITH  
**SHERWIN-WILLIAMS.**

Our Pacific Northwest inspired Alliance ProCoat Paint Collection utilizes the highest quality Sherwin-Williams exterior paints.

*Choose your perfect color from our Alliance ProCoat Collection or pick any other Sherwin-Williams paint color, just provide us with the Sherwin-Williams (SW) paint number.*

All woodgrain textured doors are available with Stain on one side and Paint on the other. This allows the entry system to complement the exterior as well as the interior of your home design.
